

January 2020

Dear Eagle Families,

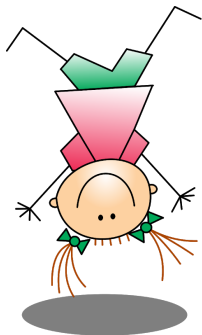

The Molalla River School District has adopted a nationwide curriculum called *The Great Body Shop*. Each unit contains four lessons, and we will study a new unit about every three weeks. Oregon teachers are required to teach these standards and *The Great Body Shop* does an excellent job of providing clear and detailed lessons. If you would like to see what the state of Oregon requires us to teach, you may access the standards at:

<https://www.oregon.gov/ode/educator-resources/standards/health/Documents/2016ORHEStandards.pdf>.

Our next unit for each grade, from kindergarten to fifth grade are as follows: *My Body is Special, Talk and Listen, When I Feel Afraid, I Like Your Attitude, It's My Body, Those Crazy, Mixed-up Emotions*. The language of the lessons are scripted and developmentally appropriate, based on both national and state standards. If you are interested in previewing the lessons prior to instruction, please call 503-829-4333 to schedule a viewing of curriculum materials before or after school.

For more information on health requirements, including program exemption, please contact me.

Thank you,
Linda Brecht-Kwirant
